

MB7-E17

Special character validation is missing from Provider and Unit names.

Status: In progress

Author: Jan Kowalski

Priority: Medium

Assignee: Adam Nowak

Issue Type: Functional

Date: 02.08.2022, 10:36

Frequency: 100%

Product Version: MrBuggy 7 version 1.0.0.1

Environment: Windows 10 Pro, i7-4712MQ, 8GB RAM

Actions performed:

1. Log in as Admin.
2. Select "Units" or "Providers" tab.
3. Click "New" and input the name with special characters plus numbers or letters.
4. Save the form.

Expected result:

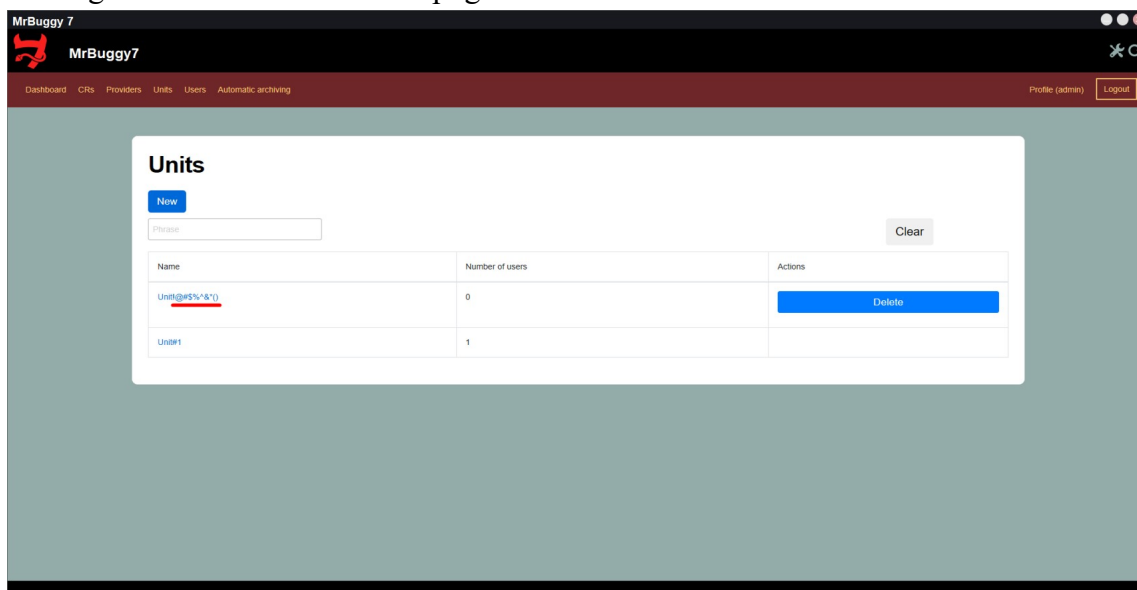

Provider and Unit names should not accept special characters, as per validation comment.

Actual result:

Provider and Unit names can contain special characters, despite validation comment stating otherwise.
